Thank you for filing this report and raising this matter.

Your message and supporting documents indicate that there are active court proceedings and an active claim with the City of Ottawa regarding this matter. Our Office does not review matters while court proceedings or claims are underway.

We now consider this case closed.

the Court related to this Matter, and I would love to know where You get that idea? This is to avoid court and I'm reporting criminal conduct, malicious breach of Trust on the part of the public Trustee, and this seems like more gaslighting and collusion to trespass and aid and abet the criminal malfeasance of the public Trustee.

I report criminal conduct on the part of the public Trustee, weaponizing police against Me with fraudulent undertakings and summons that have never been filed with any court, exclusively with intent to intimidate, and You have NOTHING TO SAY?! Who completed the report? Or do You Wish to remain anonymity to avoid liability?

People are being HARMED by the criminal trespasses of the public trustee and this harm could be put to a stop IMMEDIATELY simply by telling the Ontario Works administrator that they are not above the Law, they are subject to the Trustee Act of Ontario and to Canada's Criminal Code for breach of Trust with malicious, criminal intent. If I can't report these crimes to You, the City of Ottawa, the Ottawa Police Service and the agents of Ontario Works perpetrating the crime, how is Your reply not criminal negligence and contempt? The harm continues to persist because You do nothing. Useless as tits on a bull.

Your incompetent reply to this complaint will be published at www.vondehnvisuals.com. You are a disgrace, no wonder there is so much corruption on the City of Ottawa, You all just plead ignorance and help each other get away with Your crimes.
