Dear Michael,

As stated previously, this is big misunderstanding. All You had to do was let Me know the payments had stopped in reasonable time and I would have been happy to ensure the landlord gets paid.

This was done with malicious intent to have Me evicted for filing against the landlord for the gross discrimination I've been subject to by the landlord and the MHI community.

You also provided information Showing You were taking additional funds from the Trust account that were not authorized, so I am still looking forward to Our trial date so I can hold You accountable for the Notice of Claim. I'm as King for every penny back because You were engaged in fraud with malicious intent concerning public money provided to a not for profit organization.

You are hereby served, find receipt of payment to the landlord attached.

I have added the payment as evidence to Your N4 LTB issued in bad faith and with malicious intent.

I hope and Trust this email finds You well.

Blessings,
