Dear LECA,

It is worth noting that Jester Justice Marc E. Smith and Jester Justice Jaye Hooper have been placed on Notice of Criminal Liability for Abdication of Oath and TREASON for using the Courts as a cloak for fraud to conspire against Canada's People.

I have advised both Judges that if they do not arrest the criminals before 5:00 Post Midi today, they Will be considered the primary conspirators aiding and abetting this fraud.

I have taken the liberty of attaching the Notices they were served to this email, and I am sending this email to both judges and the Ottawa Superior Court so they know I have included them in My report to You. Also, Notice to principal is Notice to agency, so they can't claim ignorance of service.

When One fails to speak when they have a moral or ethical obligation to do so, the Law presumes they are guilty as upstanding characters would defend their Honour. Criminals usually have nothing to say.

For that reason, if no action is taken against the fraudsters infiltrating Canada's Courts by 5:00 PM today, Jaye Hooper and Marc Smith Will be considered the principal fraudsters and Will be noted in Default Judgement 'Nihil Dicit' (he says nothing in defense), and the decision Will be final (Res Judicata), and they Will be subject to the maximum penalty allowable by Canada's criminal code for aggravated circumstances and taking advantage of such a prestigious position of office.

Notice on Principal is Notice on Agent, Marc Smith and Jaye Hooper are hereby served.

I look forward to hearing from You,

Blessings,
