Dear Arthur,

[Auditor general finds 'kickback scheme' between landlords and city housing worker | CBC News](#)

I very much enjoyed Your report on the Auditor General's finding regarding the Kick Back scheme taking place in the City of Ottawa. If You report on City council, Courts and corruption related to State Actors, I have no shortage of stories and evidence of corruption to provide You with, especially related to Clara Freier!

I can't even get Clara Freier to respond to Me when I place one of her staff (Nazi Nana Asante) on notice of criminal liability and malfeasance for breach of Trust and theft of public money for revoking a portion of benefits without cause or Notice to the Beneficiary.

Clara Freier has also expressed to Me in Writing that she believes she and the rest of her staff working for the Ministry of Community and Social Services in Ottawa are not subject to Canada's Constitution, Canada's Criminal Code, the Trustee Act of Ontario, International Human Rights, and are most definitely not liable to any of Ottawa's People for harassing and tormenting Beneficiary's with extreme prejudice or Willfully trespassing upon One's Trust obligations. If You don't believe Me, You can just be as King of Lisa the Colluding Kilner, see what she has to say about the application of the Trustee Act of Ontario on the public Trustee for the City of Ottawa.

The City of Ottawa also appears to be using a couple of City of Ottawa employees who are working as 'double agents' for the Ontario Provincial Court to proceed against Me with bogus police information in a 'mock court', using traffic Courtroom 101 at 100 Constellation avenue on March 11th. The entire thing is fraud and the taxpayers are paying for all of it. These People are corrupt to the core.

Maybe You'll have more success finding out why no One Will respond to My Notice of Criminal Liability and Notice of Claim? It was served upon Clara Freier as the general manager. Merrilee Fullerton stepped down two weeks after she learned how corrupt all these People were, and David Lametti stepped down when I let him know how corrupt all his clerks were.

I'm curious if Clara Will provide the same answers for Your publication as she did for mine. Does Clara Wish to change her tune at all, or is this her final statement for the Record? We like to call that 'Nihil Dicit', or 'Nothing to Say' (in defense of her Honour), and so We presume she is guilty by default because any moral or ethical individual would immediately put harm to a stop (a-rest the criminals).

I Wish to know if Nana Asante and Clara Freier Wish to change their tone for the CBC, or do they still believe that the Trustee Act of Ontario is not binding upon the public Trustee for Ontario Works? Nana? Clara? Should I add this email thread to My police complaint?

Arthur, what do You think? Are they trying to gaslight Beneficiaries, or are Ontario Works employees not subject to the Trustee Act of Ontario and Canada's Criminal Code for Willful breach of public Trust?

To have knowledge of a crime and take no action is to aid and abet the crime. This email Will be published on www.vondehnvisuals.com.

I hope and Trust this email finds You well,

Blessings,

Good Morning, Arthur,

If Clara Freier or Nazi Nana the Arrogant Asante decide to return from their power trip, please tell them to contact Me immediately. I've complained to the police as well but they seem to think this type of economic, social, and psychological abuse is perfectly acceptable. What do You think, Arthur? Are these People morally and ethically bankrupt criminals, or is that just My tainted perspective as a victim of their abuse?

I look forward to hearing from You. I'm also curious to know if any charges were laid in that last scam these People were pulling, or are city of Ottawa employees above the law? Is that why they behave like this with such impunity?

Have a wonderful day, I really do think this is a Matter of great public interest. This degree of abuse by state actors must be exposed.

Blessings,

Good afternoon,

So No ONE has the decency to respond, even with a reporter from the CBC watching? Should I presume the CBC is just a cloak for fraud, too? Or what's going on here?
