Dear LTB,

James W. Campbell was placed on Notice of Civil and Criminal Liability for Breach of Trust and Abdication of Oath. I also told him to fuck off because he kept muting My mic attempting to silence My objections. If there was no justiciable cause of action in the initial claim, then You have WASTED TWO YEARS OF MY LIFE while bearing SILENT WITNESS to their trespasses upon Me in violation of the RTA with absolute impunity!!

You are empowering and enabling criminal landlords to steal from the public Trust and You must be reported to Nathalie Gougeon, the City of Ottawa's auditor general.

You have first hand knowledge the landlord has been stealing money and are doing NOTHING ABOUT IT!?

If this Matter proceeds today with James W. Campbell sitting as chair, he Will be Noted in Default for conspiring with the landlord to steal from a tenant and abuse his position as an 'impartial' chair for the LTB.

Your job is not to enable the criminal acts of corrupt landlords.

This is a conflict of interest, I do not believe James W. Campbell has the capacity to act with impartiality after he has been placed on Notice of criminal liability for breaching the public Trust by one of the parties.

He was also vacated, so if You are not acknowledging that fact, You are not a legitimate court of Record. The Notice of Liability is in the evidence related to this claim and I Will appeal any decision made to a Divisional Court against James in his personal, private capacity.

I do not tolerate fascist pigs posing as chairpeople for Tribunals for the Minister of Justice and Attorney General.

I have ZERO CONFIDENCE in James W. Campbell's ability to be impartial and Will not be subject to his extreme prejudice.

Thank You,
