How many counts of Breach of Trust are We looking at now? Please keep in Mind that every One in receipt of this email has tacitly conceded that the Supervisor of each of these Courts Will be liable for One count of Breach of Trust for every day the Ottawa Superior Court is obstructed by Gillian the criminal Kreling's criminal cabal. The same applies to each city of Ottawa councilor for their criminal negligence and incompetence, as well as Habib A. Sayah. Habib A. Sayah Will also be subject to additional counts of criminal malfeasance for his attempts to intimidate Me while continuing to engage in fraud with a second set of corrupt police officers.

Right, Habib the Stupid Sayah? Which of Your goons is responsible for the attached documents? And who is responsible for sending Me these fraudulent documents from 'Virtual(dot)CrownOttawa(at)Ontario.ca'?

How stupid are police, exactly? Is it a requirement for them to post under 100 IQ to be considered stupid enough for the force? Your 'new information' shows that the last time You charged Me You were engaged in fraud, too!!! Is it POSSIBLE for police to be honest about ANYTHING?

Or do they just continually lie and cover up crimes? Who is responsible for charging and ultimately firing Helen Grus for attempting to report the dangers of the bioweapon to pregnant and nursing mother's after nine mother's in Ottawa had lost their baby after receiving the bioweapon?

It was more important for 'top brass' to cover up the dangers of the bioweapon and allow for more infants deaths because preventing those additional deaths in Ottawa and across Canada may have invoked 'bioweapon hesitancy'?

When Your product kills 28 out of 29 fetus in pregnant mothers, that is not a medical product, it is a bioweapon. If it were a medical product, You would be concerned and report the dangers and risks to the public. But when You KNOW there are serious risks including DEATH, You decided it was better to cover it up to protect state actors than let the Common People of Canada know how dangerous these products are for at least some Canadians?

The fact that You covered it up when You knew it was causing harm, shows that You had malicious intent to cause additional harm and death to unsuspecting Canadians.

Right, Habib A. Sayah?

You got anything to say for Your Self, Habib? If You fail to respond, We Will consider You a Willing conspirator in crimes against humanity for Your part in spreading the bioweapon posing as a vaccine and for shutting the investigation when Helen Grus was trying to alert Canada's medical authorities and media.

Nathalie the Goulish Gougeon... You are guilty of One count of obstruction of Justice and one count of conspiracy to engage in racketeering for every day the criminals in Your city continue to run amok. The whore of Babylon is leaving terrible stench in this city.

The same goes for all City Councilors, the Mayor, and especially the City of Ottawa's lawyers who Will bear the brunt of the criminal charges just for demonstrating such gross incompetence and criminal negligence.

I hope and Trust this email finds You all well. This Will be published on [www.vondehnvisuals.com](http://www.vondehnvisuals.com) to show Canada's Peope that their courts have been

compromised by Nazis posing as public servants.

Habib the Stupid Sayah, if I have mischaracterized any of Your actions, please do correct Me. If there is some other reason You were more determined to cover up the Pfizer trial data and continue the genocide than alert Canadians and public health authorities to the potentially lethal adverse events, I would love to hear it. Otherwise, You are liable for Your entire force failing to arrest criminals engaged in genocide.

If it were not an attempt to kill as many Canadians as possible, My belief is that You would be straightforward and honest about the risks and dangers. But because You are lying to People, You are coercing them into taking a potentially lethal product, encouraging Canadians to engage in Russian Roulette with their lives. You are morally bankrupt degenerate - and I can't wait for Nuremberg 2.0.

Blessings,
